

Hire and Rental Industry Association

Young Professionals Development Program

The HRIA Young Professionals Program was created to encourage and support the career development of the future leaders of the hire industry. This program focuses on developing both personal and professional skills to help pursue a successful career within our industry.

Mentees are partnered with mentors and lead through facilitated sessions focusing on the Young Professionals Program Development Modules

Goals and Habits: Learning to set goals and being eager to establish new habits

Business Acumen: The commitment to understand growth, profitability and key performance metrics

Learning Agility: Self-evaluation and assess work values, resilience, assertiveness and self confidence

Personal Brand: Develop your own brand by exploring opportunities such as networking, and joining HRIA/EWPA events and/or committees

Digital Literacy: Embrace and utilise digital platforms for personal growth, business development and industry engagement
